Re: Notification of Initial Startup and Title V Operating Permit Request
Construction Permit No. 2440-0005-DB
Operating Permit TV-2440-0005

Dear Ms. Basil:

As required by Air Quality Construction Permit No. 2440-0005-DB Condition 3.6, AbiBow US Inc. Catawba is providing this notification that the Kiln Oxygen Enrichment System initial startup occurred on April 26, 2011.

As required by Air Quality Construction Permit No. 2440-0005-DB Condition 3.8, AbiBow US Inc. Catawba is requesting a revised operating permit. The appropriate Title V modification request was originally submitted with the construction permit application received by the Department on July 20, 2010.

If there are any questions regarding this notification, please feel free to contact me at (803) 981-88759.

Sincerely,

Will Hinson
Sr. Env. Eng.
